NV Blanc de Noir

Sonoma County

TASTING NOTES

This non-vintage Blanc de Noirs Rose displays lush aromas of sweet cranberries, and ripe wild strawberries with hints of fresh vanilla bean. The palate boasts flavors of pomegranate and vanilla, and an elegant minerality that contributes to the firm tannins and citrus finish.

SUGGESTED FOOD PAIRING

Our Blanc de Noir Rose is the perfect accompaniment to a variety of dishes, including seafood, grilled meats, and creamy cheeses. Its light and fruity flavors combined with refreshing effervescence and acidity, the fruit flavors of this wine wine can help cut through the fattiness of grilled salmon or steak, while its bright acidity will bring out the delicious flavors in smooth cheeses like triple creme or d' affinis.
