2020 Cabernet Sauvignon

Mt. Veeder, Napa Valley

TASTING NOTES

Sourced from high atop the rugged Mt. Veeder AVA, vineyard, this intense and powerful Cabernet is an extraordinary example of the potential that comes from fruit cultivated at a high elevation on volcanic soils. Secondary notes of vanilla and blackberry pie, round out this full-bodied mountain Cabernet Sauvignon. This wine will be best enjoyed now through 2035.

SUGGESTED FOOD PAIRING

We recommend this bold, robust Cabernet with the traditional choice of steak, burgers, or slow-braised beef dishes. Anything with a bit of spice or charring will complement the rich fruit flavors and tannins. Full-flavored mushrooms or foraged wild mushrooms, have an intense umami flavor that marries well with the intensity of this wine.
