### 2021 Cabernet Sauvignon

*Atlas Peak, Napa Valley*

Atlas Peak has a long history in the Napa Valley with vineyard plantings dating back to 1870. Located east of Rutherford and Yountville, this AVA sits at 2063' elevation. Low rainfall and porous volcanic soils make Atlas Peak a distinct and unique growing region.

#### TASTING NOTES

The Atlas Peak Cabernet is showy and ripe. The glass fills with aromas of dark black cherry, black currant, blueberry with notes of herbs and green pepper. On the palate, rich flavors of dark cherry and blueberry mingle with layers of cocoa, coffee, white pepper and black olive. Drink 2025 through 2040.

#### SUGGESTED FOOD PAIRING

The rich, dark fruit flavors with savory notes make this wine an exquisite choice for hearty dishes. Try it paired with a classic steak au poivre or grilled portobello mushroom. Herbs like fresh rosemary or thyme will beautifully enhance the wine's profile. For a timeless pairing, consider grilled marinated rack of lamb; it's sure to elevate the wine and the food. This wine's robust characteristics also complement flavorful cheeses such as aged Gorgonzola, sharp cheddar, or Parmigiano Reggiano, making it versatile for any setting.
