2021 Cabernet Sauvignon

Mt. Veeder, Napa Valley

TASTING NOTES

From the elevated vineyards of the rugged Mt. Veeder AVA, this Cabernet Sauvignon is a testament to the remarkable potential of high-altitude, volcanic soil cultivation. The wine opens with captivating aromas of spice box and cinnamon, evolving into nuanced layers of vanilla and blackberry pie. On the palate, expect a rich array of flavors including dark black cherry, minerality, tobacco, and a touch of vanilla. This Cabernet will reach its peak between 2025 and 2037, promising an outstanding tasting experience.

SUGGESTED FOOD PAIRING

For an ideal match, we recommend pairing this bold and robust Cabernet with classic grilled steak, gourmet burgers, or slow-braised beef dishes. The wine's rich fruit flavors and tannins are beautifully complemented by foods with a bit of spice or char. Additionally, full-flavored mushrooms or foraged wild mushrooms, with their intense umami notes, create a harmonious pairing with the wine's intensity.
