

**MEADOWCROFT
WINES**

European heritage with California creativity.

Meadowcroft Wines are award winning, small production reserve wines from our estate vineyard on Mt. Veeder and select single vineyard bottling from Napa, Sonoma, and appellations in California.

2023 Cabernet Sauvignon

Howell Mountain, Napa Valley

Howell Mountain is one of Napa Valley's most celebrated AVAs, renowned for producing bold, structured Cabernet Sauvignon. Situated high above the valley floor, its vineyards sit between 1,400 and 2,200 feet in elevation. The cooler temperatures, rocky volcanic soils, and frequent morning fog contribute to wines with remarkable depth, concentration, and age-worthy tannins.

TASTING NOTES

The 2023 Howell Mountain Cabernet Sauvignon is rich and expressive, showcasing aromas of toasty oak, cigar box, blackberry bramble, ripe fig, and black plum. On the palate, layers of black cherry, black currant, and blueberry are complemented by subtle notes of black pepper, lending complexity and finesse. This robust wine offers firm structure and a lingering finish, making it ideal for aging. Drink 2026 through 2035.

SUGGESTED FOOD PAIRING

This wine's power and elegance pair beautifully with bold, flavorful dishes. Consider serving alongside dry-aged ribeye steak, braised short ribs, or venison tenderloin. For vegetarian pairings, try roasted eggplant with miso glaze or a wild mushroom risotto. Aged cheeses like Manchego, Comté, or a rich, nutty Gruyère also make excellent companions.

APPELLATION:	Howell Mountain, Napa Valley
VARIETAL:	Cabernet Sauvignon
HARVESTED:	September 2023
BOTTLED:	June 2025
PRODUCTION:	129 cases
ALCOHOL:	14.5
pH:	3.65
